

All services are to be prepaid at the time of scheduling, except for repair appointments.

We no longer charge credit card fees.

## VIP Membership

(previously Plus Service Plan)  
(Includes all Core Membership benefits plus:)

The VIP Membership: (does not include checking of rain sensor)

- Three (3) annual services: Winterization, Spring Turn-on and one Summer Assessment.
- Assessment includes: head adjustments, reprogramming controller to accommodate seasonal temperatures, minor repairs.
- 10% off all repairs after the 2026 Spring Turn-on. Repairs made at Spring Turn-on are not included in 10% off.

## Core Membership

(previously Basic Service Plan)

Winterization:

- Shut off main water supply
- Use of compressed air to remove water from irrigation main and lateral lines, heads and valves
- Set controller to off position
- System will be guaranteed against freeze damage once winterized until the following spring turn-on

Spring Turn-on: (does not include checking of rain sensor)

- Pressurize irrigation system
- Check system for leaks
- Check all heads for proper function
- Adjust heads for proper coverage, if needed
- Program controller with appropriate spring watering times
- Advise homeowner of any necessary repairs or modifications needed

(Any additional repairs shall be done on a unit pricing basis.)

The homeowner is responsible for reporting issues within 72 business hours after initial appointment to avoid any additional charges for adjustments to sprinkler heads or for controller programming. This includes systems that are turned on early in the season and not used immediately, reports are due within 72 business hours of the completion of the spring turn-on.

(Rates subject to change without notification)
